4 November 2022

[Spotlight on the Swedish National Data Service \(SND\)](#)

The Swedish National Data Service is a research data infrastructure that supports accessibility, preservation, and reuse of research data. Hear from the Head of SND, Max Petzold in this episode from our CESSDA Country Spotlight series.

21 October 2022

[Skills4EOSC launches a large-scale initiative on Open Science training](#)

The pan-European project Skills4EOSC (Skills for the European Open Science Commons) kicked off with a two-day

conference in Pisa on 21–22 September. The project will run for three years with the purpose to coordinate trainings in Open Science in Europe. SND is one of four Swedish representatives in the collaboration.

19 October 2022

Spotlight on the Czech Social Science Data Archive

The Czech Social Science Data Archive is a national data service centre for social science research. Hear from Institute Director, Jindřich Krejčí, in this episode of our CESSDA Country Spotlight series.

14 October 2022

Spotlight on the Lithuanian Data Archive for Humanities and Social Sciences (LiDA)

The Lithuanian Data Archive for Humanities and Social Sciences (LiDA) is currently a CESSDA partner and aspiring to become a member in the near future. Hear from Vaidas Morkevicius, Senior Researcher at LiDA.

11 October 2022

Tour of CESSDA – DANS – Data Archiving and Networked Services

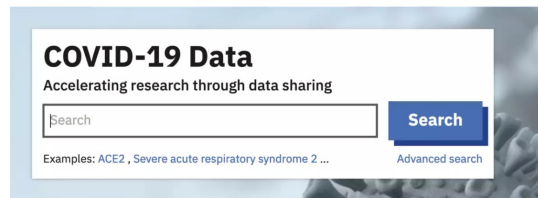

Our Tour of CESSDA series highlights each of the CESSDA national service providers one at a time. This time we take a trip to the Netherlands to meet with Ricarda Braukmann of DANS, the Dutch national centre of expertise and repository for research data.

CESSDA: Projects in focus

Let us know the latest developments in your CESSDA affiliated projects.

The COVID-19 Data Portal now includes a section on Social Sciences and Humanities data which includes 600+ COVID-19-related studies from the CESSDA Data Catalogue. CESSDA is the first new source in the data portal coming from the BY-COVID project.

[Crisis and Journalism- new OPERAS and Triple crowdfunded research examines the changing role of the media](#)

Researchers from the University of Coimbra and the University of Edinburgh plan to collaborate on a new book analysing the relationship between crisis and journalism. The team are currently seeking to crowdfund the research and are collecting pledges until 11 November.

[Improving Discovery and Collaboration in Open Science](#)

The Final TRIPLE conference takes place from 1 to 3 February 2023 in Bonn, Germany and has issued an open call for papers. The focus is on the potential, challenges and possibilities that arise out of researching across various disciplines, languages, catalogues and repositories, in the pursuit of Open Science in SSH and beyond.

[EOSC FAIR-IMPACT: It takes a village to communicate the value of PIDs](#)

Read the latest blog from Gabriela Mejias of Datacite on Persistent Identifiers - and to employ best practice, we include the DOI for the post below:

Mejias, G. (2022). It takes a village to communicate the value of PIDs. DataCite. <https://doi.org/10.5438/ZF85-DA07>

[Putting FAIR into practice to support the EOSC vision: FAIR-IMPACT & FAIRCORE4EOSC featured into GÉANT's CONNECT 41 issue!](#)

One of the priorities highlighted in the EOSC Strategic Research and Innovation Agenda is the establishment of the Web of FAIR data and a Minimum Viable EOSC by 2027. FAIRCORE4EOSC and FAIR-IMPACT have been collaborating on this project and their contribution is featured in the [recent issue n. 41 of the CONNECT Magazine](#) published by GÉANT.
