In the Spotlight

CESSDA supports EU Science through the European Open Science Cloud

The purpose of the EOSC is to provide European researchers, innovators, companies and citizens with a collaborative environment to publish, find and re-use data for research, innovation and educational purposes.

News

[Let us know](#) if you have any stories you would like to feature in the CESSDA newsletter.

22 October 2021

[Changing Perceptions Challenge 2021](#)

The UK Data Service, in association with Data Impact Fellow, Ben Brindle, has launched the Changing Perceptions Challenge, which provides an opportunity for sixth form and college students to engage with data-driven research and think creatively about changing public perceptions of immigration and the economy.

18 October 2021

[Launch of the Beta Release of the GoTriple Platform](#)

At the heart of the TRIPLE project is the development of an innovative multilingual and multicultural **discovery platform** for the social sciences and humanities (SSH), called GoTriple.

5 October 2021

[Huge success at the SSHOC Consortium meeting](#)

We are pleased that our 6th SSHOC Consortium meeting on 5-6 October was

very successful, with 100+ people joining from 50 institutions. We hope the Spring 2022 consortium will be in person.
