2nd CESSDA Widening Meeting 2018

14 - 15 November 2018 | Belgrade

- Hosted by The Institute of Economic Sciences
- Organised for CESSDA by
 - CSDA - Czech Social Science Data Archive
 - FORS - Swiss Centre of Expertise in the Social Sciences
 - ADP - Social Science Data Archives (Slovenia)
 - TARKI - The Tárki Data Archive (Hungary)
 - SND - Swedish National Data Service
 - DANS - Data Archiving and Networked Services (Netherlands)
- in close co-operation with CESSDA MO
- CESSDA Work Plan Task on Widening Activities 2018

Widening Activities 2018

Objectives

- to foster the Network of CESSDA Partners
- to help disseminating existing CESSDA support services
- to develop knowledge about non-member SPs and emerging archiving activities
- disseminating existing CESSDA support services
- to increase CESSDA visibility in non-member countries

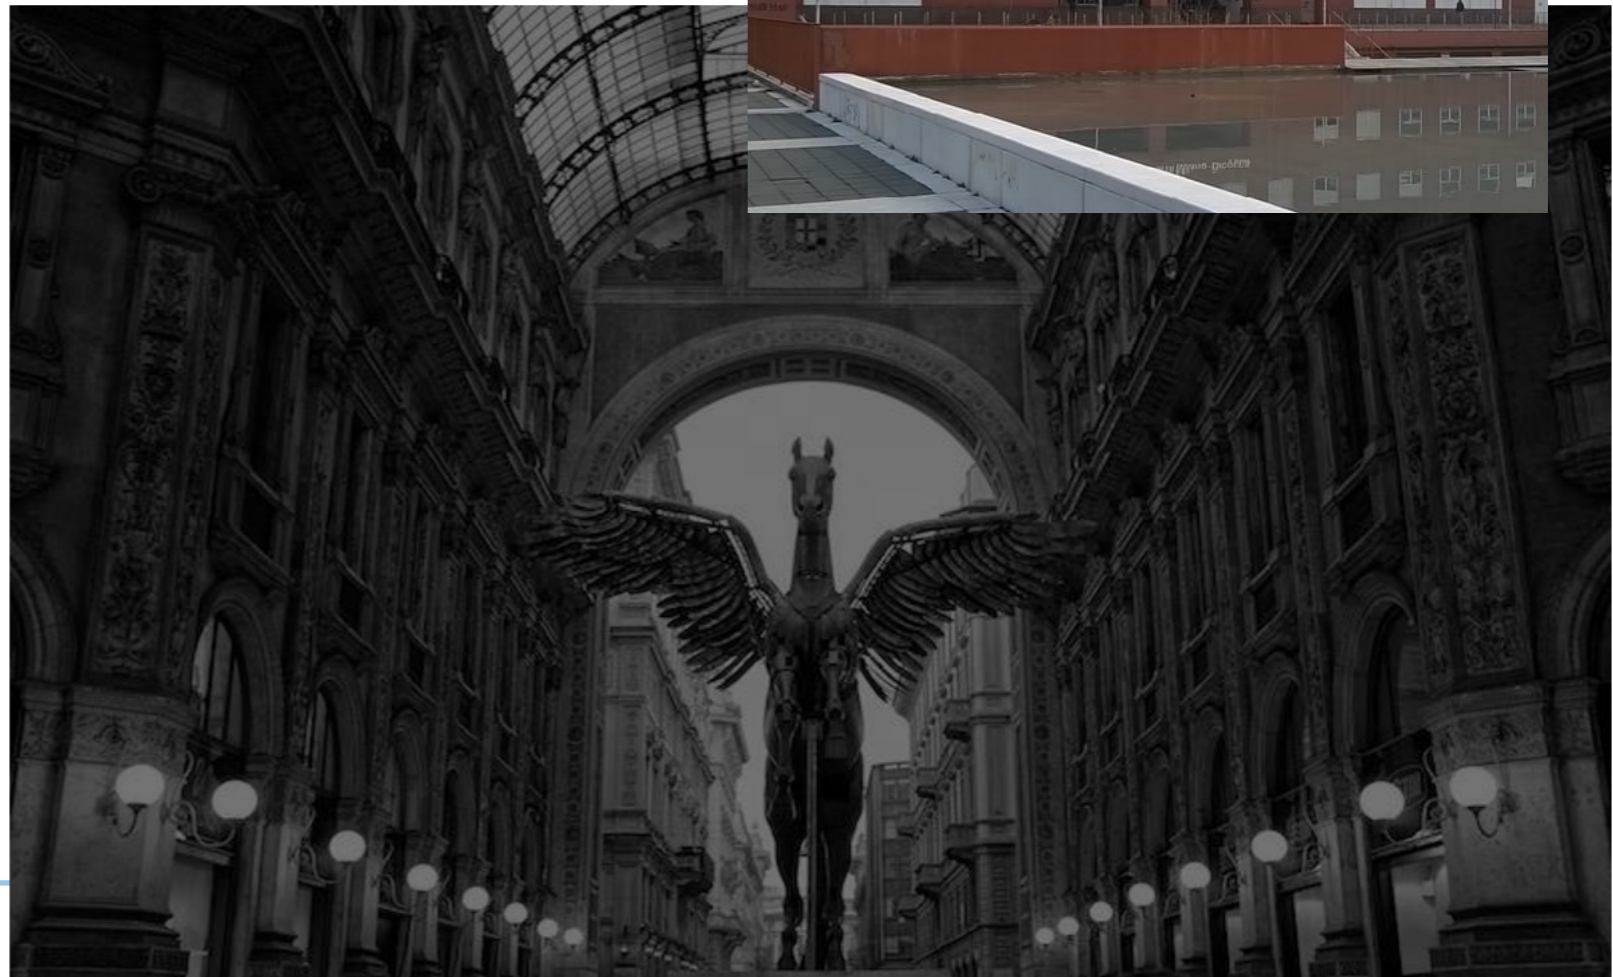

Widening Activities 2018

- ◆ Resource directory & gap analysis
(guide into the available resources)
- ◆ CESSDA Widening Workshop 2018
- ◆ Setting up a system of monitoring of the state-of-play
at non-members
- ◆ Needs of the CESSDA member and partner institutions

The 1st CESSDA Widening Meeting 2018 was in Milano on 5-6 June

- ◇ <https://www.cessda.eu/widening2018/>
- ◇ Hosted by UniData, Università degli Studi di Milano-Bicocca
- ◇ Initiated and organised by CESSDA MO with help of the CESSDA WP Task on Widening Activities 2018

Future Widening Activities

- ◆ Widening Activities 2019
 - ◆ Widening Workshop
 - ◆ 1.5 day event; located in a perspective non-member country
 - ◆ CESSDA Helpdesk
 - ◆ an online information and email service, where aspiring CESSDA service providers might get advice and feedback regarding development of their data services and plans for joining CESSDA
 - ◆ a mentorship programme between widening project partners and actively aspiring archives
- ◆ INFRADEV-03-19 GUIDE project

CESSDA Helpdesk

Main goal

To develop an online information and email service for CESSDA partners to get advice and feedback regarding development of their data services and plans to join CESSDA.

CESSDA helpdesk will provide CESSDA partners with:

- ◆ personalized answers from CESSDA to partners' questions
- ◆ active support and practical guidance

The helpdesk will also contribute to closing the gaps identified in the gap analysis through the documentation of the questions and answers.

CESSDA Mentorship Programme

Main goal

To provide a one-to-one support between CESSDA members and active partners.

This will consist in:

- ❖ assisting partners in defining and realizing their short-term goals
- ❖ regular interactions (with monthly reports of progress)

Due to limited resources, we may have to chose between interested partners. These partners are asked to provide an update on their status and current efforts toward establishing a national archive and goals to be achieved in 2019 **by the end of this year.**

Thank you
